## Ps3 Winning Eleven 2009 Patch

I also want to thank for "the MUFF" (Von OF) and for simo 6787 (sks OF) ( both OF are available for the EU version of the game), for their kits formulas and for the player stats and appearances.. k) If so you must click NO To use the OF you'll have to go to edit mode and load the data from there and then save the data.. Now click 'USB Device' 4 Copy ALL files from flash drive to PS3 (sorry, but you'll have to copy everything again and one by one) Even If you Downloaded my earlier OF version you must delete all your existing pes edit data/kit pngs because I changed everything.. Also, make sure you definitely copied over the edit data and deleted you're your original one (otherwise the OF wont work) As the game start, you'll be prompted to save the option file (if no then it's o.. I think that the kits I made turns out very well The logos and the badges are very smooth and sharp.. Find great deals on eBay for winning eleven ps3 Shop with confidence RoiGafni OPTION FILE – Winning Eleven 2009 (region 3 only) NOW!!! – Compatible with konami latest patch + latest download content (england national team new kit) Hi to you all after 3 month editing work I'm proudly present my OF.. e n b The muff- Von OF for PS3 Simo6787- SKS OF for PS3 Instructions: 1 Unzip file using Winzip or Winrar 2.. All League, cups and Stadium names corrected Fake/duplicate national team players removed correct player's name Once again, the credit is for Mike – For the base file to build on (PESFan) heatuk10, trilogy, brownus and arsenald -(PESGaming) Carl brooks- w.

As I see it, the kits are the best on the market today But all the credit for that are deserved for Greyfox and for his kit template (Even though I changed few things in it).. Added Schalke 04, Borussia Dortmund and Herta Bsc Berlin in Other leagues B All the German teams which I added have the correct kits, logos, badges starting eleven and rosters update (except heria- I just didn't have the power to finish the team roster) All National Team kits done with badges, kit sponsors.. Copy 'PS3' folder to your flashdrive 3 Insert flashdrive into PS3 Go to 'Saved Data Utility'.. So here are the final results: All England teams with correct kits, logos and badges All La Liga teams with correct kits, logos and badges Added Bayern Munich and werder Bremen instead PES United and WE United on league A.
